

August 2010

Dear Patient:

We are writing today to share a significant change that will affect you as a patient of ProHealth Care Medical Associates. ProHealth Care has entered into an agreement with Froedtert & Community Health to transition ownership of ProHealth Care Medical Associates clinics, physicians and clinicians in the Germantown, Hartford and Menomonee Falls areas to Froedtert & Community Health.

Honoring patient wishes and supporting the local delivery of health care services has always been part of our respective organizations' mutual missions. We believe this change of ownership supports those missions and – most importantly – the best interests of our communities and the patients we serve, many of whom wish to receive health care services close to home.

**What does this mean for me?**

**Beginning September 7, your ProHealth Care Medical Associates clinic will become a Froedtert & Community Health clinic.** Specifically, the following clinics will become part of Froedtert & Community Health:

- Germantown
- Hartford
- Town Hall Road, Menomonee Falls
- Rehabilitation Services, Menomonee Falls
- Behavioral Health Services, Menomonee Falls

Behavioral Health Services, Wauwatosa, will close permanently on September 7 but these services will continue to be provided at Germantown, Hartford and Menomonee Falls locations.

All other existing ProHealth Care Medical Associates locations and providers will remain part of the ProHealth Care system.

Please see the enclosure for a complete list of physicians who will become part of Froedtert & Community Health.

**What do I need to do?**

Be assured that ProHealth Care and Froedtert & Community Health are working together to plan the seamless transition of your care.

- **You will continue to receive care from your current physician.**
- Any appointments you have scheduled on or after September 7 at any of the above locations remain unchanged unless you are personally notified by phone of a change.
- Your medical records will automatically transfer with your physician to Froedtert & Community Health on September 7.

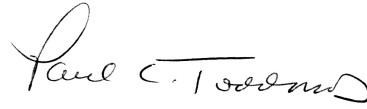

Please know that caring for you and your family is our primary concern. If you have any questions about your physician's transition to Froedtert & Community Health, please visit us online at [www.prohealthcare.org/transition](http://www.prohealthcare.org/transition) or [www.froedtertcommunityhealth.org/transition](http://www.froedtertcommunityhealth.org/transition) or call (262) 928-6803.

Thank you for allowing us the opportunity to meet your health care needs.

In good health,

James E. Lyons  
President & CEO  
ProHealth Care Medical Associates

Paul Todd, MD  
Chief Medical Officer
